E20 F

La scala che combina la raffinatezza delle proprie forme alla praticità dei nuovi materiali. L'originalità della sua linea, la rende perfetta in ogni contesto, trasformandola in qualcosa di riconoscibile agli occhi di tutti.

Stairways that combine the sophistication of their forms with the practical benefits of new materials. Their original design means they are perfect in every situation but instantly recognisable.

L'escalier qui allie le raffinement de ses formes et la praticité des nouveaux matériaux. L'originalité de sa ligne le rend parfait pour tout contexte en la rendant un élément unique aux yeux de tout le monde.

Scala a chiocciola a pianta circolare, con struttura centrale elicoidale, formata da inserti componibili che permettono la rotazione del senso di salita o l'altezza dell'alzata.

La serie **E20 F**, è caratterizzata dai gradini in lamiera pressopiegata, predisposti a ricevere cinque tipologie di ringhiera.

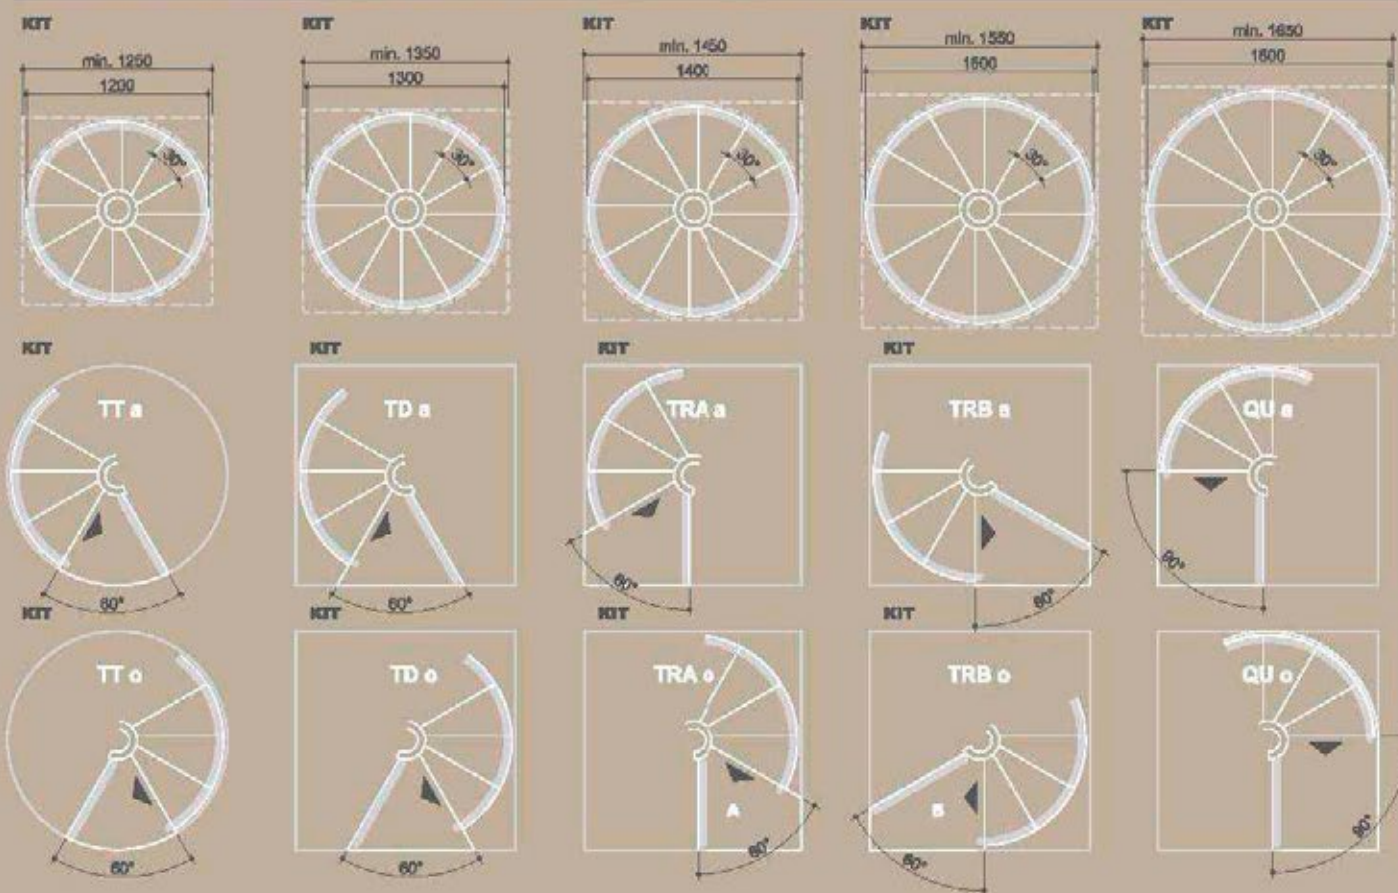

Circular-plan, spiral staircase, with a central helical structure, with modular inserts that permit the direction of ascent and the height of the steps to be rotated. The **E20 F** series is notable for its press-formed metal sheets that can hold five different types of railings.

Escalier en colimaçon sur plan circulaire, avec structure centrale hélicoïdale, formé d'éléments modulaires permettant la rotation du sens de la montée et la hauteur de la contremarche.

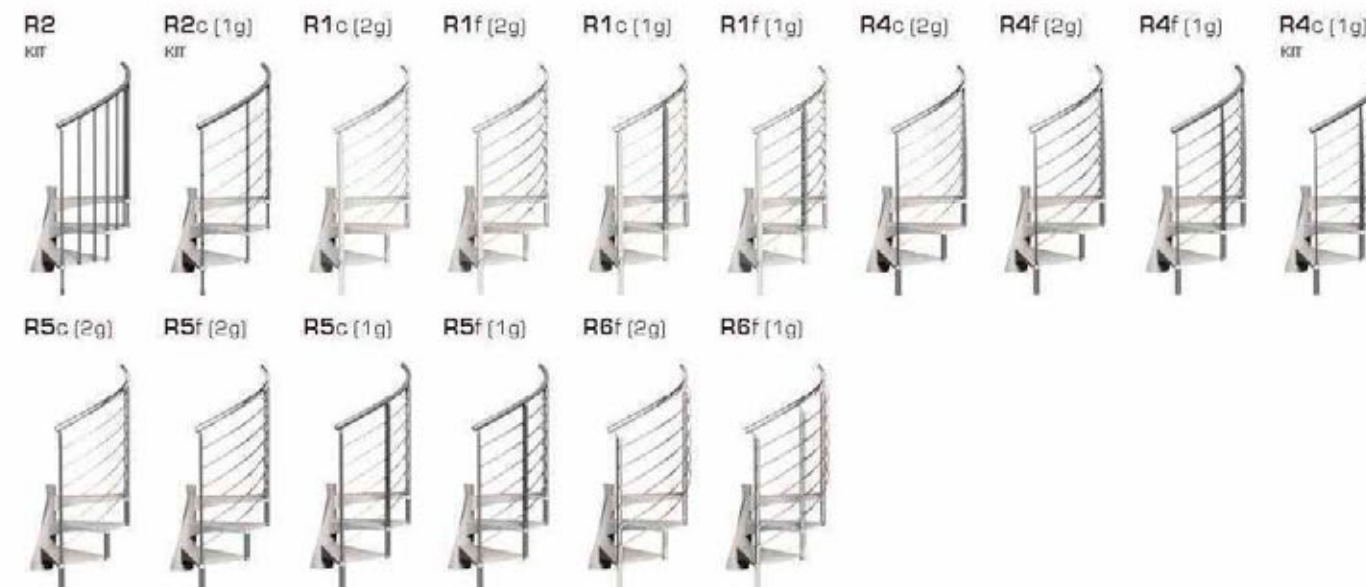

La série **E20 F** est caractérisée par des marches en tôle pressée-pliée prévues pour l'installation de cinq différents types de rampes.

E20 L

Le linee sinuose e le forme armoniche si fondono in un insieme elegante, riproponendo ciò che la natura ci ha donato da sempre.

Un prodotto che pur mantenendole proprie caratteristiche industriali, si esprime nel bello, adattandosi a qualsiasi ambiente, rendendolo ancor più importante.

The sinuous lines and harmonious shapes weave together to form an elegant structure and remind us of a natural beauty.

A product which combines aesthetic depth with technical specifications to suit any room while enhancing its charm.

Les lignes sinueuses et les formes harmonieuses se fondent en un ensemble élégant, en proposant à nouveau ce que la nature nous a offert depuis toujours. Un produit qui exprime sa beauté en s'adaptant à n'importe quelle pièce en la rendant encore plus importante, tout en gardant ses caractéristiques techniques.
